

# Brightening Facial Wash

Rejuvenating cleanser for brighter, smoother skin

## PRODUCT FACT SHEET

packaging size (retail)	professional size	trial size	sample available	product pH level	product should last
198ml bottle	455ml	100ml	15ml tube	3.50 - 4.00	2-3 months

## Primary Benefits

Rejuvenating cleanser contains natural skin brightening Botanical Extracts and exfoliants. Removes the day's make-up and impurities, leaving the skin feeling clean and smooth.

## Points of Difference

Formulated with natural surfactants, Sucrose Laurate, and Cocamidopropyl Betaine derived from coconut, to mildly cleanse the skin without stripping it of its natural moisture content. Glycolic and Salicylic acid, help exfoliate dead surface cells. Vitamin C (Magnesium Ascorbyl Phosphate), Liquorice and Lily Extracts help to brighten the skin.

## Who Benefits

Normal, oily, combination and mature skin types. Not recommended for dry or sensitive skin types. See directions for further information.

## How To Use

Wet face with tepid water. Dispense a generous amount into palm of hand. Lather in hands. Using fingertips, gently massage onto face using circular motions. Avoid eye area.

Rinse thoroughly and pat skin dry. Can be used once or twice daily as tolerated.

### Ingredients

WATER (AQUA), SODIUM C14-16 OLEFIN SULFONATE, COCAMIDOPROPYL BETAINE, DECYL GLUCOSIDE, GLYCERETH-2 COCOATE, ACRYLATES COPOLYMER, SUCROSE LAURATE, GLYCOLIC ACID, GLYCOL DISTEARATE, ARBUTIN, LILIUM CANDIDUM BULB EXTRACT, CAMELLIA SINENSIS LEAF POWDER, MAGNESIUM ASCORBYL PHOSPHATE, SALICYLIC ACID, GLYCERIN, GLYCYRRHIZA GLABRA (LIQUORICE) ROOT EXTRACT, TOCOPHEROL, AMINOMETHYL PROPANOL, BUTYLENE GLYCOL, STEARETH-4, CITRIC ACID, BENZOIC ACID, FRAGRANCE (PARFUM).

**Please Note:** Contains acids, which may make the skin more sensitive to the sun. We recommend the use of Multi-Protection Broad-Spectrum SPF 50 or Intellishade® when using this product. Not recommended for sensitive skin or dry skin types. If you have not used glycolic acid products in the past, it is recommended to use this once per day as tolerated by the skin. If your skin has acclimated to the product, you can increase to twice daily (morning and evening).

# Brightening Facial Wash

Rejuvenating cleanser for brighter, smoother skin

## F R E Q U E N T L Y   A S K E D   Q U E S T I O N S

### 1 Which ingredients are used to brighten the skin?

Glycolic Acid and Salicylic Acid help to brighten the skin through surface exfoliation. It also contains Vitamin C (Magnesium Ascorbyl Phosphate), Liquorice and Lily Extract to naturally brighten the skin by inhibiting melanin production.

### 2 Which skin types should use this cleanser?

Brightening Facial Wash can be used by most skin types, including normal, mature, combination and oily skin. However, it does contain Glycolic Acid and Salicylic Acid, which can be irritating to dry or sensitive skin. It should not be used to remove eye make-up.

### 3 Why is it important to use a cleanser with exfoliants?

Exfoliation removes dehydrated cells from the surface of the skin, brightening and smoothing it and enabling better penetration of other anti-ageing products.

### 4 Will this cleanser make me sensitive to sunlight?

Yes. Glycolic Acid and Salicylic Acid exfoliate the top layer of skin, making it more sensitive to sunlight. It is important to protect the skin from harmful UVA and UVB rays when using products that contain acids.

### 5 My skin sometimes feels dry after cleansing.

**What should I do?** Due to the exfoliating properties of Brightening Facial Wash, your skin may feel dry immediately after cleansing. We recommend following with Soothing Facial Rinse, which rebalances, hydrates and calms the skin.

### 6 Which other Revision products work well with Brightening Facial Wash?

- Soothing Facial Rinse
- Vitamin C Lotion 15% or 30%
- Retinol Complete® 0.5 or 1.0
- C+ Correcting Complex 30%™
- Intellishade®
