

# Intellishade® TruPhysical

Anti-ageing tinted moisturiser with sunscreen

## PRODUCT FACT SHEET

packaging size (retail)	professional size	trial size	sample available	product pH level	product should last
48g tube	227ml	NA	3ml tube	Neutral	2-3 months

## Primary Benefits

A first-of-its-kind, all-inclusive moisturiser designed to deliver the power of 5 anti-ageing products in 1. With over 20 anti-ageing ingredients and true 100% mineral sunscreen that is free of hidden chemical sunscreens, this 5-in-1 anti-ageing moisturiser helps to correct, protect, conceal, brighten and hydrate skin to deliver clinically-proven results.

## Points of Difference

A breakthrough daily moisturiser with over 20 anti-ageing ingredients plus 100% all-mineral sunscreen that leaves the skin instantly glowing and appearing more youthful and brighter over time. A proprietary blend of 3 bioavailable peptides, botanical extracts, and antioxidants help reduce the appearance of fine lines and wrinkles, helps skin appear firm and lifted while providing antioxidant benefits against environmental stressors with groundbreaking 100% all-mineral ingredients. Provides broad-spectrum UV protection. Powerhouse ingredients THD Ascorbate (Vitamin C), the most potent and stable form of Vitamin C, Epigallocatechin Gallate (EGCG), the most powerful antioxidant of all green tea catechins and Ubiquinone (Coenzyme Q10), help to brighten and even skin tone and provide superior antioxidant protection. Also includes Boron Nitride, a superior mineral that helps the skin appear and feel smoother, diffuses light and absorbs heat. Not formulated with parabens, alcohol or artificial fragrances.

## Who Benefits

Ideal for all skin types, especially sensitive skin, post-procedure once skin has fully healed, and those who prefer true mineral sun protection. Excellent 5-in-1 daily anti-ageing moisturiser for those with a busy lifestyle as it corrects, protects, conceals, brightens and hydrates in one step.

## How to Use

Apply evenly to face as the last part in your morning routine to help protect your skin. Can be worn alone or under make-up. Can be used with C+ Correcting Complex 30% for added antioxidant protection.

### Active Ingredients

TITANIUM DIOXIDE 5.5%,  
ZINC OXIDE 14.5%.

# Intellishade® TruPhysical

Anti-ageing tinted moisturiser with sunscreen

## F R E Q U E N T L Y   A S K E D   Q U E S T I O N S

**1 How is Intellishade® TruPhysical different from other daily anti-ageing moisturisers on the market?** Our Master Formulators spent 10 years developing this comprehensive anti-ageing product with over 20 anti-ageing ingredients to be the FIRST to contain 100% all mineral sunscreen with absolutely no hidden chemical sunscreens including Butyloctyl Salicylate, a sometimes hidden chemical found in certain products marketed as a physical sunscreen. Revision Skincare has chosen not to use this ingredient in order to deliver a truly physical SPF solution along with all-inclusive anti-ageing benefits to skincare professionals. This is a remarkable industry first.

### **2 What makes this an anti-ageing product?**

Intellishade® TruPhysical contains a proprietary blend of three different peptides which work to enhance Hyaluronic Acid synthesis, reinforce the dermal-epidermal junction, and increase collagen production for a firming and filling effect. Vitamin C, EGCG, and Coenzyme Q10 combat environmental aggressors and help to brighten and even skin tone.

**3 How do the antioxidants in Intellishade TruPhysical™ help my skin?** Vitamin C, EGCG, Coenzyme Q10, and Vitamin E help to protect the skin from environmental damage by scavenging free radicals and helping to prevent oxidative damage. Thermus Thermophilus Ferment has an overall beneficial effect on skin health.

**4 Why are there no chemical sunscreen ingredients in this product?** While the chemical sunscreen ingredients used in Revision Skincare formulations are recognised as safe and effective, some people prefer formulations free of chemical sunscreen ingredients.

**5 Which ingredients provide broad-spectrum UV protection?** Intellishade® TruPhysical contains high concentrations of 100% mineral (no hidden chemical) sunscreen ingredients, for true, all physical UVA and UVB protection for a high SPF (45).
